

University of Alabama at Birmingham

Department of Biostatistics

Required	Strongly Recommended	Minimum Requirements	Other factors
GRE, official transcripts from all undergraduate institutions, and prior graduate work, 3 letters of recommendation, statement of purpose are required.	3 semesters of calculus, linear algebra is strongly recommended.	A Verbal GRE score of 156 and Quantitative GRE score of 146 is required.	Undergraduate research experience is highly valued; higher level math classes also valued.

Current Practice on Application Fee Waiver:

We offer a waiver to US citizens who apply to the PhD program. This year we encouraged alliance scholars to apply to the PhD to get around the application fee, even if they were only interested in the MS.
