MATH ALLIANCE

University of Iowa
Department of Mathematics

Required	Strongly Recommended	Minimum Requirements	Other factors
A Bachelor's degree in Mathematics or a closely related field. A complete application includes transcripts, a statement of purpose, three letters of recommendation, a list of mathematics courses taken, and general GRE scores. The subject GRE in Mathematics is not required. Applicants must also complete the online application form http://grad.admissions.uiowa.edu/apply	One semester introductory proof based courses in both abstract algebra and analysis. A course in differential equations or numerical analysis. At least one year long sequence in one of the following: abstract algebra, real and complex analysis, or topology. Successful applicants typically have mostly A grades in their mathematics courses and a minimum overall GPA of 3.40.	Although our department does not have strict minimum requirements for GPA or GRE, successful applicants tend to have strong academic records. The graduate college requires a minimum 3.0 GPA.	We value REU participation and other research experiences in mathematics. Also, letters of recommendation play a critical role in the evaluation of applicants.

Current Practice on Application Fee Waiver:

All Alliance Scholars can apply for an application fee waiver through the CIC freeapp.
