

University of Iowa

Department of Statistics and Actuarial Science

Required	Strongly Recommended	Minimum Requirements	Other factors
<p>Three semesters of calculus, and one semester of linear algebra are required.</p> <p>General GRE scores are required by the Graduate College.</p>	<p>A year-long course in mathematical statistics, one-semester in applied statistics and a course in real analysis are strongly recommended.</p>	<p>Same as those listed in the "required" column.</p>	

Current Practice on Application Fee Waiver:

The Graduate College encourages interested students to go to the Committee on Institutional Cooperation (CIC) website to review the eligibility requirements. It is not just for minority applicants. FreeApp is designed to increase access to graduate education for students who possess qualities and experiences that enhance the diversity of the intellectual, cultural, and social environments at CIC universities. <http://www.cic.net/home>

Alliance scholars helps identify student candidates but the University of Iowa does not have this pre-application and students are encouraged to look at the CIC website.
