MATHEMATICS

M.S. AND PH.D. PROGRAMS

The Department of Mathematics at Syracuse University

We offer graduate programs leading to M.S. and Ph.D. degrees in mathematics. Our department is committed to research, teaching, and to creating an atmosphere in which mathematics is studied, practiced, discussed, and enjoyed. The internationally known faculty offer a rich array of courses to provide a solid foundation of mathematical training, as well as advanced topics classes at the forefront of current research.

Opportunities

- Explore pure math, applied math, or statistics
- Participate in colloquia and research seminars for faculty and grad students
- Become an active member of the Mathematics Graduate Organization
- Become a fellow of the Future Professoriate Program
- Participate in the exchange program with the University of Ulm in Germany

Financial Support

All admitted graduate students are supported by teaching assistantships or fellowships. Stipends range from \$19,500 to \$22,500 plus tuition waivers for 24 credit hours per year.

Research Areas

The department has 33 full-time faculty members, with research interests in

- algebra (commutative & non-commutative)
- analysis (complex & real)
- applied mathematics
- combinatorics
- geometry and topology
- probability
- statistics
