

# UC Irvine Graduate Studies in Mathematics

## Degree programs

Doctor of Philosophy in Mathematics, Master of Science in Mathematics, Master of Science in Mathematics with a Teaching Credential.

## Research areas include

Algebra and Number Theory, Analysis and Partial Differential Equations, Applied and Computational Mathematics, Ergodic Theory and Dynamical Systems, Geometry and Topology, Inverse Problems and Imaging, Logic and Foundations, Mathematical and Computational Biology, Mathematical Physics, Mathematics of Complex Social Phenomena, Probability

## Financial support

Admitted students are guaranteed 5 years of support in the form of various fellowships, faculty research grants (GSR), teaching assistant (TA) and Reader appointments.

## Important deadlines

Applications are accepted for Fall admission only. Complete applications and supporting documentation must be received by early January of every year for the following academic year. Please consult <http://www.math.uci.edu/admission/> for the exact application deadline and requirements.

Department of Mathematics,  
University of California-Irvine  
Irvine, CA 92697-3875

<http://www.math.uci.edu/>

Located in sunny and beautiful Southern California, the Department of Mathematics at UCI enlists an internationally renowned body of distinguished researchers in a wide spectrum of fields ranging from Pure to Applied Mathematics. Its Doctoral Degree Program is ranked top 10 in research in the most recent National Research Council report of the National Academies. Admitted students will join a group of about 100 students who benefit from a wide range of advanced courses, participation in many academic activities, exposure to current research in several weekly learning and research seminars, and interaction with faculty members in an open and inquisitive environment.
